Umbrella for Any Office/Property

Environmental-Employee Health & Safety (EHS) Tests

Dear Facility and Real Estate Heads,

In today's global context, Environmental sustainability is a major concern. For Indian and foreign corporations, the following parameters are of particular concern:

- Air Quality: Indoor & Outdoor
- Drinking Water Quality: Packaged Water & Potted Water
- Food Quality
- Indoor Lux Level Monitoring: Lux Light Intensity
- Indoor Noise Level Monitoring
- Noise Monitoring, etc.

No need to worry, Competent Support Advisors (CSA) are here to assist you. You can rely on us to handle all these testing requirements with confidence. We have a highly experienced team of professionals capable of managing these tests.

With our vast industry experience, we understand the gaps between the problem and its solution, and you can trust CSA to manage everything smoothly. We are just a phone call away, so please don't hesitate to get in touch.
